INT. LIVING ROOM - NIGHT

Steven Seagull, an overweight washed-up action star, is sitting on his couch, watching The Dispensables 2.

SEAGULL

Damn, I could have done any of these if I was man enough to be in the presence of Davy.

EXT. NEIGHBORHOOD HOUSE - MORNING

A man hoses the plants in his front yard. His is Mike Stallion. While hosing the plants, Stallion is approached by a shadow, who is Steven Seagull.

STALLION

Yo Steve. What brings you to my neighborhood?

SEAGULL

Watched both Dispensables last night. I've been hard about it, and I have decided to join you guys in the next one.

STALLION

Finally. First things first, you would need to talk to Davy about this. If I remembered correctly, you and him have a bad history.

SEAGULL

I was chicken out.

Mike left the hose at the tree next to him then turns the water off. He continues the conversation.

STALLION

I'm sure things will out with the
two of you. Tell you what, why
don't I tag along in seeing Davy?
Don't you forget. I'm one of the
two producers of both Dispendables.
You go discuss with him in joining
us. After that, he and I will
consider what part you will play.
Let's make appointment at 2 today
in Davy's office at our studio.

Steven looks at his belly with concern.

That would be \$9.

As Steven pulls out his credit card, he looks at his weight.

On the second the thought, let's

Claude would hope for.

Steven chuckles.
SEAGULL
So are we set in sending me to

destroy the Dispensibles team?
Mike gives an uncertainty look.
STALLION
Well, I got some bad news.

8.
DAVY
Unfortunately, Max will be hunting
down the Dispendables.

Shocked at what he has heard, Steven's weight suddenly went
back to the way it was 60 days earlier, thus ripping his
clothes.

SEAGULL
WHAT???????????

STALLION
We tried to call you, but you
didn't pick up so we were assuming
you back down.

SEAGULL
I was doing my routine exercise so
I had to be free from distraction
even from my own phone.

STALLION
You could told me.

SEAGULL
Damn.

STALLION
But look on the bright side. We are
currently discussing Dispendables
4, and we are saving a spot if
you're up for it. However, you're
going to have to loosen up again,
but that's two years away so relax.

SEAGULL

(looking at his ripped
clothing and his regained
weight)

I'll be damned.
